Description

A wonderful early 19th century country house sofa in its original ebonized and gilt paint which has taken on quite a nice dry surface. Raised on 4 turned legs and the original brass casters. For upholstery and it comes with a horse hair filled squab seat cushion. The sofa stands firm but it appears to have been reduced in width at some point as evident with the joins to the underside and latter added stretchers. Please view the images carefully to get a better idea of its condition, we have tried to capture as much as possible in the images. seat height 41cm
