REF: 1731

Description

A huge 3.5 meter modular sofa with uniquely shaped patchwork leather to the seats and arms all in good condition. There are a couple of damages to the fabric on the back of the chair and the back of one middle on the sofa. There are no clips to the sides so this can be a 2,3,4, and 5 seater sofa.

One middle has the feet missing which should be fairly easy to replace as I believe the fitting is universal.

There is movement in the right arm of the chair which is not structurally as such just the flat top part of the arm.

All in all in good used mid century condition and very comfy
