Pair of English country house armchairs

Description

A good quality pair of English country house armchairs upholstered in a green velvet fabric. Raised on turned front legs with the original brass castors. In good usable condition, firm but comfortable. One chair seems to have seen more use or perhaps has been closer to a window as there is some colour variation in places.

if you would like these upholstered in a fabric of your choice please get in touch as we can arrange this for you.
