Description

A well drawn English Regency chaise longue in its original vibrant printed linen cover. Raised on 4 tall turned walnut legs with the original brass cup casters. c1830 Structurally in good solid order with a remarkably well preserved frame which looks almost brand new. The original fabric is in fair condition and we removed a pink silk fabric what we believe with the lack of tack holes was the only time it has been recovered since this original fabric show here. The seat is a little soft but is actually really comfortable. We could if required keep this fabric and put in a new seat if you are wanting to keep this original look. Otherwise we do offer upholstery should you wish to add you own top covering. 46cm seat height.
