

DESIRED EFFECT ANTIQUES

Victorian carpet and tassel covered open arm chair

Sold

REF: 1772

Description

A Victorian open arm chair. Nice tatty condition which compliments this kind of chair. I believe the carpet cover to be a later edition than the frame that being said it still has good age and wear to it. One of the back legs has had an honest repair at some point In its life and is structurally solid. The chair comes with the original horse hair filling and springs which give it a good comfortable sit!
