

DESIRED EFFECT ANTIQUES

Monumental Victorian painted pine dresser base

Sold

Description

A monumental Victorian pine dresser base. Painted in layers of old crackled chippy paint with hints of pale green showing through. The original hardware to the large drawers and cupboards. A single shelf to the inside running straight through. A substantial piece with a good presence.

Some historic worm in places which we have treated. This does not in anyway affect its structure.

250cm wide
92cm high
55cm deep
