

DESIRED EFFECT ANTIQUES

19th century C Hindley and Sons sofa chaise

Sold

Description

A mid 19th century sofa / chaise by C Hindley & Sons. Stripped back ready for restoration. The seat rails have been affected by worm and ideally would need replacing. Such an elegant design by my personal favourite maker and one of the best.

I do have the matching design opposite shaped by Hindley & sons which make them a good pair and both similar age with the same legs.

I can arrange any restoration with our network of upholsterers and professional frame workers. You are also welcome to arrange your own.

194cm wide
74cm deep
77cm high
