

DESIRED EFFECT ANTIQUES

A pair of large Howard style open armchairs

Howard & Sons

Sold

Description

A good quality matched pair of open armchair in the manner of Howard & sons. Of large country house proportions. Raised on square tapered supports and the original casters.

Provenance: The Guinness family sale at Elveden Hall - Norfolk

76cm wide

93cm high

91cm deep

39cm seat height

Both chairs are very slightly different dimensions by only small margins.

One chair is structurally in good solid condition.

One chair needs minor work carried out on the frame as there is a little play in the joints. This is an easy fix whilst the upholstery is being carried out.

As with all my upholstered seating I do offer upholstery should you wish.
