Antique Howard and Sons Bridgewater Armchair Including upholstery

Howard & Sons

Sold

Description

A c1900 Howard and sons Bridgewater armchair raised on square tapered legs with the back left leg being fully stamped and all terminating in H&S stamped brass casters. In good solid structural condition throughout and just needing upholstery.

I have decided to hold off restoring myself to give you the opportunity to choose your own fabric. I can however source Howard and sons ticking and currently have stock of both blue and grey monogram ticking.
