Description

A very good quality country house sofa. In distressed leather upholstery but looking very handsome. Unfortunately its a little past usable unless you were to use a throw however I would advise that upholstery is needed. The frame is in good solid order and it is very heavy. The Horse hair filling inside is in good order and id say it looks worse than it actually is from a recover point of view. The arms and 3 fixed back cushions are overstuffed and with horse hair which will make this a very comfortable sofa once complete. The back and one front castors has been changed however this doesn't effect its use or stability.
We do use a network of traditional upholsters so if you would like the upholstery doing by us please get in touch
Approximately 12 meters of fabric is needed. we can also source leather.

215cm wide 80cm high 85cm deep
