Hand Embroidered Velvet Crewel Work Footstool

Sold

Description

A large footstool covered in Indian hand embroidered crewelwork fabric. 100% wool stitched into a red velvet base fabric. Very nice vibrant colours throughout and quite the statement piece.

If you would like a footstool making in a different size, this is something we can do on request. Lead time will need to be concluded depending on the timescale to order the frame legs and fabric. The footstool in the photograph is the one you will receive unless you place a bespoke order.

Our frames and legs are locally sourced in west Yorkshire and the legs can be stained to your requirements that suite your interior.
