Description

A good quality mid 19th century country house sofa. Constructed in walnut with carved walnut arm front, turned front legs and dramatic splayed rear legs. The sofa retains its original horsehair fillings to the back and arms and is finished in an unusual manner with a boarder around the central upholstery which would look nice in a contrasting fabric. This same upholstery layout is also on the seat. Structurally in good solid order and requiring upholstery. As with all our upholstered seating we do offer upholstery should you wish.40cm seat height
