Victorian country house sofa by Hampton and son's Pall Mall London
c1890

Sold

Description

A Victorian country house chesterfield sofa by Hampton & son's of Pall Mall London sitting on 4 hand turned walnut legs and stamped brass castors.

Structurally sound and comfortable however the upholstery is in tatty condition so would benefit with the upholstery re doing.

We can have this professionally restored should you wish. Please get in touch prior to purchase as this will be an extra cost on top of this listing. If you are planning on using your own upholsterer that is fine too.
