

DESIRED EFFECT ANTIQUES

Antique pine bank of haberdashery drawers

Sold

REF: 1794

Description

A large oversized bank of antique pine drawers. Once of a larger piece probably from behind a shop counter up against a wall. It has been added to to make it free standing with a plinth on the base. As seen on the top it will of had something similar on top. I like the large open bays to the base which are perfect for dressing it up with plants or books perhaps. All original dovetail jointed drawers.

The handles are new

4 of the drawers are just fronts but there are still 24 to choose from.

There are a few patches of historic worm holes which we have treated

25cm deep
264cm wide
196cm high
