

DESIRED EFFECT ANTIQUES

18th century wrought iron game hook blacksmith made

Sold

REF: 1852

Description

A highly decorative game hook complete with candle holders. The craftsmanship that's gone into this is exceptional. There are a few on the market but none that have this level of detail. It has come from the kitchen of a 17th century manor house in Liversage west Yorkshire where it hung above the dining table.

Approximately 80cm high
