REF: 1647

Description

A rustic 19th century solid elm narrow refectory table with peg joints. Nicely figured grain throughout and a warm tone to the timber. At 80cm high its slightly taller than your average dining table but it does leave plenty of room for your legs and is a great height and shape for a kitchen island. Some wear to the top but over all a nice patina!

183cm wide
62cm dep
80cm high
