

DESIRED EFFECT ANTIQUES

19th century mahogany breakfast table

Sold

REF: 1536

Description

A 19th century tilt top mahogany breakfast table. Large claw feet with the original large white ceramic casters. The top does show signs of wear and scratches but none deep and in my opinion quite attractive. There are some losses to the veneer in places and some cracking but its still good to use as is.

118cm diameter
76cm high
